

*Speak up for those who cannot speak for themselves, for the rights of all who are destitute. Speak up and judge fairly; defend the rights of the poor and needy.*  
*Proverbs 31: 8-9*

Hi everyone! Time for another update from Finding Hope Ministries. God is doing a lot, so we wanted to share a bit of what He is doing with you all.

- Finding Hope Children's Homes:
  - The Hope House and Lucas House are finished. We're just waiting on government inspections. Please pray the government will move forward quickly so we can get the kids in soon. There are still many orphan children wasting away in state-run orphanage and dying on the streets.
  - The Anchor House (the third children's home) remodel is underway. We hope to be finished with the remodel by early next year. We could sure use some construction teams/individuals to come help. So, if you or anyone you know would like to help with construction projects, please let us know. We would be really grateful.
  - Soon we are starting the paperwork to begin a 4<sup>th</sup> children's home in the Republic of Moldova. We already have the building. We just have to do the necessary paperwork and renovations to get it to code (which can take some time). We hope to open this home late 2020 or early 2021. Like the other homes, it will house 12 kids, have God-fearing host parents (which we already have) who serve as a *de facto* family for the kids God brings there.
  - What's more, we will be starting paperwork to open a 5<sup>th</sup> Finding Hope children's home in North Carolina - right in my hometown. We are so excited about opening this home, as it is on our home turf near so many of you all! Once we find the correct location and do the paperwork, we will be reaching out to you - North Carolina natives - to help!
  
- Church Planting and Evangelism:
  - The church plant at the gypsy village in Dalas is still going strong. We held a baby dedication this month. Our goal is to start building a church there sometime next year. We will need funding and construction teams for this.
  - We are also planting a church in another gypsy village. In fact, we just purchased land and a building for said church. There are currently some ten families attending and it just keeps on growing. The building we purchased needs some renovations to make it more suitable for a church, so we are looking for a construction teams to help with this. If God is speaking to you to organize such a team, please let us know.
  
- Mission Teams:
  - We had a dental team come a month or so back. They worked mainly in the gypsy villages pulling and drilling thousands of bad teeth in hundreds of patients. We were able to witness to many. As a result, we're seeing more people attend our church plants. The clinic was a HUGE success, but the need is still GREAT! If anyone has any contacts to help set up another dental team, please let us know.

- Setting up a Finding Hope Adoption Agency:
  - Currently, we are praying about and laying the groundwork for a Finding Hope Ministries Adoption agency. Our idea is to provide a means by which families in the USA and Western Europe can adopt children, both locally and from around the world. Please pray God will open the doors and make this vision become a reality. There are millions upon millions of kids around the world who need loving families. We hope to help some of these desperate millions find families!

As always, continue to pray for us and for our ministry. The needs are great. There is still so much to be done yet. If you're willing and able, come help us yourself. If not, help support us financially and pray for us. God is faithful and good. Thank you for your continued support.

Love,  
*Nathan & Anca*
